

Would You Rather for Couples

48 light, funny choices for date night, long drives, and lazy evenings.

How to play

1. Cut out the cards and shuffle them into one deck.
2. Take turns drawing a card and reading both choices out loud.
3. Before you answer, your partner guesses which one you will pick.
4. Right guess: your partner keeps the card. Wrong guess: it goes under the deck.
5. The first to keep 10 cards chooses the next takeout.
6. There are no wrong answers, only good follow-up questions.

The four themes

At Home	Small choices about the place you share.
Dates and Trips	Where you go and how you get there.
Just for Fun	Pure imagination, zero consequences.
Us Two	Playful picks about the two of you.

Picked the same thing twice? Turn it into a pact in the Alpacto app and make it happen.

Cut out: the deck cover and two blank cards for your own choices
